Jeffery Alexander, DPM

Friday, April 19 12:00 PM - 1:00 PM
Lunch Co-Sponsored by Merz Pharmaceuticals / AM Badge Scan

Friday, April 19 1:00 PM - 3:00 PM
Grand A
Foot Trauma
Objectives: Understand the pathology associated with the condition; understand the mechanism of the injury; understand the appropriate work-up for the condition; formulate a treatment plan; handle post-operative complications.
Zeeshan Husain, DPM

Friday, April 19 3:00 AM - 3:30 PM
Afternoon Conference Break

Friday, April 19 3:30 PM - 4:30 PM
Grand A
Bone Tumors
Daniel Evans, DPM

Saturday, April 20 8:00 AM - 9:00 AM
Grand A
Pediatrics: Metatarsus Adductus, Clubfoot & Vertical Talus
Edwin Harris, DPM

Saturday, April 20 9:00 AM - 9:30 AM
Morning Conference Break

Saturday, April 20 9:30 AM - 10:30 AM
Grand A
Pes Cavus
Ryan Fitzgerald, DPM

Saturday, April 20 10:30 AM - 11:00 AM
Grand A
Rearfoot Arthrodesis Principles
Arush Angirasa, DPM

Saturday, April 20 11:00 AM - 11:30 AM
Grand A
Lateral Ankle Instability
Objectives: Understand the pathology associated with the condition; understand the mechanism of the injury; understand the appropriate work-up for the condition; formulate a treatment plan; handle post-operative complications.
Zeeshan Husain, DPM

Saturday, April 20 11:30 AM - 12:00 PM
Grand A
Achilles Tendon Surgery
Ryan Fitzgerald, DPM

Saturday, April 20 12:00 PM - 1:00 PM
Lunch / AM Badge Scan

Saturday, April 20 1:00 PM - 2:30 PM
Grand A
Rear foot & Ankle Trauma
Objectives: Recognize common injuries of the rear foot and ankle; answer questions and work up rear foot and ankle trauma patients and come up with a treatment plan for those injuries; recognize and be able to treat common complications associated with rear foot and ankle trauma.
Patrick Burns, DPM

Saturday, April 20 2:30 PM - 3:30 PM
Grand A
Rear foot, Ankle & Charcot Reconstruction
Objectives: Answer questions, recognize and be able to treat all stages of charcot; evaluate and properly work-up patients with rearfoot and ankle deformities; come up with a treatment plan for complex rearfoot and ankle deformities.
Patrick Burns, DPM

Saturday, April 20 3:15 PM - 3:30 PM
Afternoon Conference Break / PM Badge Scan

Saturday, April 20 3:30 PM - 4:00 PM
Grand A
Talar Dome Lesions: Scope & OATS
Arush Angirasa, DPM

Saturday, April 20 4:00 PM - 5:00 PM
Grand A
Ankle Fusions vs. Ankle Implant Case Scenarios
Objectives: Answer questions and work-up patients with ankle arthritis and deformity; make a knowledgeable decision between the use of ankle implant vs ankle fusion; be familiar with different techniques for both ankle fusion and ankle implant; be familiar with complications and salvage of ankle surgery.
Patrick Burns, DPM

Sunday, April 21 7:30 AM - 8:00 AM
Grand A
Foot & RRA Mock Exam Meeting
